

## District Crops And Gardens Take Beating From Hail

Last Thursday evening (the clock on the wall read about 9 p.m.) the writer got pounced his "best-yeet" garden get wounded into the ground by a vicious wind-carried hail storm. Farmers in the area which suffered from the storm were looking at more acres than we have, as the white menace took its toll.

'Twas a bad one — most old-timers tell us that it was the most severe they have experienced in these parts. However, we have no reports of broken windows or damaged cars.

Those driving cars on our town streets Thursday night or even the following morning, were dragging their machines over stacks of hail stones that were piled up in the streets. Very few of the flat-topped buildings in town were spared from injury. It took two strong and industrious lads to whip the hail stones off the roof of our base of operations. We were dodging roof leaks all day, as were many others in the area hit by the storm.

As hail storms go, it was a hit-and-miss affair, and fortunately it did not cover too wide an area. It started in the northwest and travelled eastward; most damage was done in an area two miles wide by eight miles long in the immediate Didsbury territory. Damages have been estimated from 10 to 100 per cent.

The stones that fell here were well mixed — some slushy, some hard, averaging about the size of a round one-quarter inch.

### LEAGUERS ENJOY EVENING HAY RIDE

The evening of June 30, about 30 Leaguers and friends enjoyed a hay ride over dry and muddy roads and rough farm fields. At the end of the ride the damp Leaguers enjoyed some action-packed games.

The tired Leaguers then built a fire to roast weiners and marshmallows.

The evening closed with a rousing sing song amongst dancing fire fly.

To the Editor and Staff of The Pioneer.

We send our greetings from far and near.

For a happy holiday this coming week.

And we hope you can catch up on your sleep.

We also hope the weather will be fine.

And that you will all have a real good time.

If you go fishing, don't let the big one get away.

Bring it back and put it on display.

So that we can see it was not just a dream.

But a real big fish, from a mountain stream.

Our thoughts will be with you wherever you be.

On land, or in the air, or down by the sea.

We hope you will be refreshed in body and mind.

And send us The Pioneer for a long, long time.

(And another smile goes out to our Mr. E. Coombes for his friendly and kindly wishes on our behalf.)

### TAKE A HINT !!

#### Watch Those Measles, Anytime!

Measles are spoiling a lot of holiday days for many of the wee ones and some of the big ones in this area. The following reprint from a city paper should make you think twice about whether or not the disease could cause troubles.

Bob Indis, 18-year-old, high school student, who hovered near death for three weeks in General hospital last month, is home and described as 100 per cent recovered by his doctor.

The tall student suffered a brain infection as a result of a severe case of measles in the latter part of April. The infection, encephalitis, held him in a coma for three weeks and required hospital treatments. Doctors at that time described his condition as "very serious."

Bob was discharged from hospital June 21. Although still very weak, he is gradually getting his strength back but his eyesight might remain weak.

Take a suggestion, a good one in our opinion, when the signs point towards measles, call your doctor, he knows the score on this dangerous disease.

### NO PAPER SCHEDULED FOR NEXT WEEK !!!

Following the trail of former years and former editors, we will stick with the habit and not publish during the second week in July. Our office will close at noon on July 6th, open for business on July 12. We'll be back in your lap with a paper on July 18th. See you then!

### Camp Meeting Starts Today

The annual camp meeting of the United Missionary Church will be held on the Mountain View Bible College Campus, starting July 4th at 8 p.m. and continuing through July 14th. There is a program for the entire family each day.

The evangelist is Rev. Robert C. Strubhar, of Sterling, Kansas. Rev. and Mrs. Dale Sherry of Bronson, Michigan will be in charge of the music and singing.

There will be a bible study each morning at 10:30, when Miss Gladys Eby will be speaking. Rev. and Mrs. Carl Lehman will be in charge of the youth work, with a meeting especially for youth each afternoon at 2 p.m.

On July 7th a special missionary rally will be held when special missionary speakers will be present. Rev. John Gamble, recently returned from India, will be speaking in the afternoon meeting.

Other special days to remember are Bible College Day at 2 p.m. on July 10 and Youth Rally on Friday, July 12 at 2 p.m.

### Golf Notes . . .

Sixteen lady golfers thoroughly enjoyed the outing to Oids last Thursday when Mabel Kaufman was rewarded for taking the fewest putts and Vimy Currie won the hidden hole competition.

A delicious luncheon was served at the close of play. The Oids rustic Club House, with open fireplace, is most attractive.

Match play is in progress this week — next week will be the "drive - pitch - putt" competition. See you at the first tee at 2 p.m. on July 11th for the last-mentioned competition.

There's more than one golfer in the Wordie family. Jack, the head of the clan, took part in the Alberta Dairyman's Assoc. golf tournament, held in Red Deer on June 26, and came home with the trophy which has been in competition since 1948. "Jack" will hold the "milk can" trophy for one year at least, he may win it again, but his name will always be inscribed on one of the shields that adorn the base.

Saturday evening June 29, about 75 guests gathered in the basement of the Lutheran Church to shower Miss Lily Reinhardt and her fiancé Mr. Alvin Stange.

During the evening games were enjoyed and the writing of their 50th wedding anniversary celebration for "The Pioneer" drew roars of laughter when read to the group.

The bride-elect and her fiancé were then led to a decorated table laden with many useful and beautiful gifts. The gifts were opened amidst a shower of confetti from balloons.

**NEUFELD — SHERICK**

Under an arch of honeysuckle, in rooms tastefully decorated with colored streamers and bouquets of lilies, in the presence of the immediate families and a few friends, a quiet wedding was solemnized on Saturday, June 8, at 2 p.m. at the home of Mr. and Mrs. Russel Sherick, when their only daughter, Alberta June, was united in marriage to Ernest Eugene Neufeld, eldest son of Mr. and Mrs. Martin Neufeld of Carstairs. Rev. D. C. Eby officiated.

Given in marriage by her father, the bride looked lovely in a turquoise crepe frock with white hat and accessories, and wore a corsage of tulle and roses. Her only attendant, Miss Phyllis Traub, was dressed in yellow nylon crepe with white accessories and wore red shoes.

Mr. Ormond Sherick, cousin of the bride, acted as best man.

During the ceremony and signing of the register, Miss Helen Archer, accompanied by Miss Marlene Sharnon, sang "The Wedding Prayer" and "A Wedding Prayer."

For her daughter's wedding the bride's mother was becomingly attired in a copen blue dress and matching hat with corsage of pink roses and white stephanotis, while Mrs. M. Neufeld, mother of the groom chose a dress of navy blue with white accessories, graced by a corsage of pink roses.

At the reception a delicious buffet luncheon was served to 60 relatives and friends, during which time Miss Helen Archer sang "Together With Jesus."

After opening the many lovely and useful gifts, the happy couple graciously expressed their appreciation to the assembled guests and left for a brief honeymoon.

They will reside in Calgary where the groom is employed by the General Paint Corporation and the bride is completing her training as a registered nurse.

## CHRISTIAN SCIENCE

The supremacy and all-power of God—divine Life, Truth, and Love—will be emphasized at Christian Science services this Sunday.

Selections to be read from the Bible in the Lesson-Sermon entitled "God" include the following from Joshua (19): "Have not I commanded thee? Be strong and of a good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest."

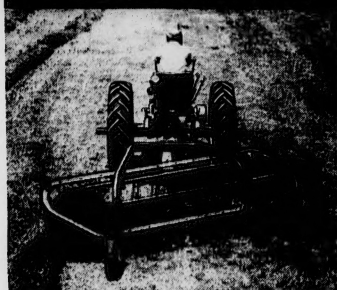

From Science and Health with Key to the Scriptures by Mary Baker Eddy will be read the following (228:25-27): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

The Golden Text is from Joel (2:27): "Ye shall know that I am in the midst of Israel, and that I am the Lord thy God, and none else."

### Just For The Record . . .

If you're talking about hail suppression or hail stones these days you'll get a customer at every stop. They'll either be with you or against you. How else could they be? Comments we have overheard (but loudly) regarding the "smasher" that cut a path of destruction through this area last Thursday evening are many and varied. One man says without hail suppression it could have been a lot worse, they'd been the size of golf balls. The next customer, a farmer, who claimed he had lost 300 acres of crop, says they may as well have been big! Some say it was just slush; others say it was the hardest slush they've ever seen. You take it from there! Our only observation is the fact that we had to dig about four inches deep to find our radishes after the storm. Who needs radishes that bad? Me!

★

### Just For The Record . . .

According to a 1924 July edition of this great family journal, No. 1 Wheat was selling for 99c; feeding steers were going at 3½ to 4 cents a pound; fat cows were drawing down 3 cents even and hogs were going off the block at around 6½ cents. Old roosters (crowned king) are listed at 4 cents. If you can remember these days you must be an old rooster. Don't look at us — in those days we didn't know a rooster from a hen. (What's a hen?)

To the fella that penned the phrase: "A smile is a curve that can set a lot of things straight."

### THE LITTLE OLE RED SCHOOL HOUSE

The Little Red School House is passing away. Like the horse and buggy, and the sleigh. The men are coming to tear it down. And send the kids all into town. To learn to read their A. B. C's. And how to count to one, two, three.

In the little school house we had lots of fun. Mother, Father, daughter and son. We had a dance every Friday night. And danced until it was getting light. We would then go home, and hit the hay. When the fiddler got too tired to play.

We held church service in the little school house. And all the children were as quiet as a mouse. Friends and neighbors came from near and far. To see the preacher's brand new car.

I sometime long for the good old days. When in the little school house we used to play. And the batchelors would all go to see Miss Bright On our annual Christmas concert night. Old Santa would be there with lots of toys. For all of us good little girls and boys.

So to the little school house, where we were happy and gay. We hope you will be spared, forever and a day.

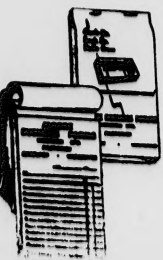

(Sent in by our very faithful contributor, Mr. E. Coombes of Big Prairie.)

Uniformity of traffic signs has been recognized by traffic authorities throughout the world as one of the major steps toward reducing highway accidents. Here, Vicki Deverill shows samples of the signs that have been authorized by Ontario as part of the standardization program.

They were exhibited at the recent convention of the Ontario Good Roads Association in Toronto to familiarize county and township officials with the type of signs that have been approved. Made of retro-reflective material, the signs show up in headlights with exactly the same shape, color and appearance as they have in daylight.

With standardized signs traffic authorities say most of the annoyance and many of the mishaps of motoring on unfamiliar roads or highways would be eliminated. Identification by color is an important part of the program. Red would be recognized as stop; yellow as cautionary; Green, informative or directional; and white, instructive and enforced by law, such as speed limits.

**COMBINING CULTURE WITH CHEMICAL:** There are some farmers who this year are undertaking a new weed eradication program known as a combined cultural and chemical program. With this program during the fallow year they proceed as follows.

The volunteer top growth is turned under with tiller or wide level discer. Regrowth of annual and perennial weeds then is permitted to reach a good height (bud stage) with thistles. At this time a heavy application (12 to 16 oz.) per acre acid of 24-D is applied.

About three weeks are allowed to elapse to complete the translocation process from plant to root of the acid. At this time the land is plowed at a fair depth (5 to 6 inches). Two courses are now open. The first one is to do a thorough job of black summer-fallow to eradicate the perennial weeds. The other way would be to permit new regrowth of the thistle plants or I should say permit new growth and allow it to reach a height of about six inches and repeat the spraying process, allow a few weeks time to elapse and carry on from there with thorough cultivation for the balance of the season.

This program would have to be worked out judiciously in keeping with the variety of weeds present. It would not be too applicable if quick grass were one of the weeds that you were trying to kill out.

I hope you are not the person of  
his little article!

"What good is the Church," he  
snorted. "Look at the mess the  
world is in today. Has the Church  
done anything to improve it? Our  
town could be far more advanced  
if it weren't for the Churches."

What can one answer?

Would that individual, it might  
be you, please consider this fact.  
If the world is in such a mess  
WITH the Church, just imagine  
how it would be WITHOUT the  
Church! If our town is so back-  
ward WITH the Churches, just  
imagine how it would be WITHOUT  
the Churches!

Christ said that Christian people  
are the salt of the earth. One of  
the purposes of salt is to stop the  
progress of corruption. The fact  
that our cities and towns are no  
worse than they are is attributed  
to the fact that SOME of their  
citizens are Christians.

The way to improve the world is  
not to close the churches but to  
fill them. The need of the hour  
is not fewer Christians but more  
Christians. When spiritual checks  
no longer guard the national life,  
moral atmosphere vanishes, the  
law is by-passed and degeneration  
sets in. This is the direct conse-  
quence of religious indifference.

"Ye are the salt of the earth. Ye  
are the Light of the world." These  
are our Lord's descriptions of the  
Christian. And to them He also  
says: "Let your light so shine be-  
fore men." Yes, if the world is in  
such a mess WITH the Church, just  
imagine how it would be WITHOUT  
it.

## Strictly For The

## Bookworms !!

Perhaps you are too busy with  
out-door activities to take advan-  
tage of the many new books in the  
local library, if not, try some of  
these offerings:

John Masters' "Far Far The  
Mountain Peak", makes interesting  
reading to those who like adventure.

"Eldorado Jane" by Phyllis Bot-  
toms is another new addition.

Marian Anderson's autobiography,  
"My Lord What A Morning", is my  
choice of the week.

For prospective buyers a small  
booklet by Blanche Wheeler, en-  
titled "Your Wedding", contains a  
wealth of what's what on that very  
important day.

For the younger readers we sug-  
gest Helen Reynolds' "We Chased  
A Rainbow" and for a story of  
heroism and adventure, we heartily  
recommend "The Lion's Paw"  
by Robb White.

Library hours are Saturday eve-  
nings, from 7 to 9 p.m. in the town  
office.

## The World And His Wife

When the hen-pecked husband  
died and went below, he immedi-  
ately started throwing his weight  
around and giving orders to every-  
one.

"Say, fellow," roared Satan, "you  
are acting as though you owned  
the place."

"I do," replied the newcomer.  
"My wife gave it to me whilst I  
was on earth."

## Notes From D.A.

By Howard J. Fuleber

When oats head out the ap-  
pearance of white thread-like  
tissue instead of a kernel causes  
concern. This condition known as  
"blast" is quite common in our oat  
crops. When the head or panicle  
appears, the blast condition shows  
up on the lower branches of the  
head. The time at which this hap-  
pens to the crop is just prior to the  
emergence of the head.

It is caused by deficiency of  
moisture at this stage of the oat  
plants growth. Other factors can  
also cause blast, such as lack of  
soil nutrients, hot dry weather or  
leaf injury from disease, insects,  
etc.

It is simply not enough food or  
moisture for the plant and by na-  
ture it produces so many good ker-  
nels resulting in no development of  
lower spikelets. The upper spikelets  
develop full kernels as they are  
more advanced in maturity.

Some varieties are less effected  
than others, generally early matur-  
ing ones are less susceptible. The  
latter varieties with their larger  
heads, cannot always get sufficient  
food and moisture to develop com-  
pletely. The loss in yield is diffi-  
cult to measure as late maturing  
varieties such as Victory which  
is subject to blast is noted for  
heavy yields. If blast is not pre-  
vented more kernels would be  
produced but they perhaps would  
not be so large or plump.

Blast may indicate when it is  
present and there is ample mois-  
ture available a lack of sufficient  
food in the soil. It is not a  
disease condition such as many we  
are familiar with; it is nature's  
way of eliminating extra kernels to  
produce as many good kernels as  
the climate and conditions warrant.

## Couple Honored

## On Anniversary

A family reunion was held re-  
cently to honor Mr. and Mrs. D. E.  
Witwer on their 39th wedding an-  
niversary at their home in Calgary.

Those present included Mr. and  
Mrs. Howard Witwer and daugh-  
ter, of Greenwood, Nova Scotia,  
en route to an R.C.A.F. posting at  
Comox, Vancouver, Island; Mr.  
and Mrs. LeVern Witwer and sons  
of Acme, Mr. and Mrs. H. Richard-  
son of Didsbury, Mr. and Mrs. D.  
Rowntree and family of Cochrane,  
Mr. and Mrs. Nelson Clarke of Han-  
na, Mr. and Mrs. Ken Tighe and  
Irene of Vauxhall and Mrs. J. Gar-  
ner of Calgary.

The happy couple were the re-  
cipients of several gifts and many  
good wishes. LeVern Witwer  
made a three-tiered wedding cake,  
which centred the dinner table.

We've been peekin' at that 1924  
edition of The Pioneer and spotted  
some examination results. Here  
they are, in order of merit:

Grade VII: Frank Moyle, Eugene  
Axtell, Tina Rompel, Harold Hardy,  
June Bowman, Edythe Chambers.

Grade VIII: Stradley Alden, Ozro  
Traub, Frank Rompel, Beatrice  
Kendrick, Millie Leadbetter, Lottie  
Hunsperger, Reba Williams, Lola  
Hunsperger, Edith Hunsperger and  
Roland Freeman, equal; Henry  
Walder, Howard Herber, Bill Mor-  
ton, Kathleen Currie.

Parents' Duty !!

Last week schools throughout the  
country closed their doors for the  
summer, releasing thousands of  
rural children to the full-time cus-  
tody of their parents. It is alto-  
gether fitting and proper that many  
of these youngsters share the re-  
sponsibility of operating farms and  
farm homes.

However, we are convinced that  
the welfare of each and every farm  
family demands that these young  
people be assigned tasks which fit  
their mental, physical and emo-  
tional capabilities. We are firm in  
our conviction that they should not  
participate in those chores which  
dangerously tax their endurance  
and experience and which may lead  
to accidental death or life-long dis-  
ability.

Keeping children from accidents  
is the responsibility of parents.

The above message came from  
Maynard H. Coe, director, farm  
division, National Safety Council.

FAMOUS QUOTE !!:

about what people think of you if  
you could know how seldom they

### FALLEN TIMBER

(From Our Own Correspondent)

Once again the children are out of school on holiday, this time for two months. We are glad to report that all the children passed in the Fallen Timber school, thanks to the efforts of the teacher, Mrs. E. Luft. Who among us would trade her places? We have a hard enough time looking after 2, 4, 6, or whatever the case may be, without handling 30.

Despite the rain we were able to have the races and ball game between showers and a good time was had by all at the picnic held Thursday afternoon.

Mr. Pat McCaffin and Miss Erna Rosted were weekend visitors at the home of the former's parents, Mr. and Mrs. Joe McCaffin and family.

Friday evenings, the different Sunday school classes of the church have been taking charge of the proceedings and have done exceptionally well. Next Friday it will be the Bible students.

Kathy Fyten spent the night recently with Jeannie Howton.

Howard and Penny Janzen were visitors at the home of Mr. and Mrs. Joe Teynor recently to take in the Fallen Timber school picnic.

Mr. W. Fyten and Lynn, and Mr. Percy Fair and Mr. Bob Whittle, Mickey and Buster, attended the horse sail in Innisfail Friday.

Mr. and Mrs. Stan Morrison, Donnie and Denis, were visitors in Cremona recently at the home of Mrs. Myrtle Wagner.

Joyce Rosted was a weekend visitor with Anne-Marie McCaffin. We are sorry to hear that Mary Joan Fyten has been quite ill at home with the flu bug.

Mr. and Mrs. S. Morrison, Donnie and Dennis were Olds visitors Sunday at the home of Mr. and Mrs. Morrison Sr.

Mr. and Mrs. Bob Moore, Judy and Brian, were supper guests Sunday evening at the home of Mr. and Mrs. Joe Teynor.

Mr. and Mrs. E. Loughheed and family were recent visitors at the home of Mrs. Lillian Adams in Didsbury.

Clay and Monty Moore are spending the summer with their cousins, Danny and Jeannie Howton.

Those visiting at the home of Mr. and Mrs. Joe McCaffin and family Sunday evening were Mr. and Mrs. Johnny Howton and family, Mr. and Mrs. Robert Moore and family, Mr. and Mrs. C. B. Moore, Mrs. O. Moore, Mr. Pat McCaffin, Miss Erna Rosted, Mr. and Mrs. J. H. Cooper.

We are sorry to hear that Martin Moncey hurt his toe, necessitating doctor's care.

Judy-Anne and Lorraine Teynor are home again after spending some time with their grandparents, Mr. and Mrs. E. Bruns of Carstairs.

Mr. and Mrs. Jim Wright and family of Calgary were weekend visitors at the home of Mrs. Emma Wright and Leonard.

Mr. and Mrs. Bill Moncey, Margaret and Leroy were Sunday supper guests at the home of Mrs. E. Wright and Leonard.

Those present at Donna Teynor's birthday on Sunday evening were Mr. and Mrs. Earl Loughheed and family, Mr. and Mrs. Bob Moore, Brian and Judy, Mr. and Mrs. Moncey and family, Mr. and Mrs. Jim Wright and family, Mrs. Jim Wright and Leonard, Mr. and Mrs. David Janzen and family, Mrs. Brice and twins and Mr. and Mrs. Lyle Honey and family from Clondale, B.C.

Monday visitors at the Wright home were Mr. and Mrs. Albert Mack of Calgary and Mr. and Mrs. Jack Green of New Westminster, B.C. In the evening they visited at the Joe Teynor home.

### EAST NOTES

(From Our Own Correspondent)

Mr. and Mrs. Thomas Marsh and family left last Friday for a two-week vacation to visit relatives in Saskatchewan.

Reginald Schumaker, Gloria Schumaker and Don Andrews were weekend visitors with Mr. and Mrs. Schumaker Sr. and Mrs. and Mrs. Raymond Schumaker. Sunday afternoon callers were Mr. and Mrs. Larry Barry and daughter of Calgary. The latter is a sister of Mrs. Schumaker.

Mr. and Mrs. Herb Ziegler and family were Sunday callers on Mr. and Mrs. Alfie Thompson.

A sister of the late Capt. Page of England, is here visiting with Mrs. Page and family.

Mr. and Mrs. Lloyd Clipperton and family, Beverly Thompson and Eileen Weber, took in the Olds Stampede Dominion Day.

Mr. and Mrs. Conrad Wagner and Mr. and Mrs. Schumaker motored to Delta Sunday to visit with Mr. and Mrs. John Scheffer.

Grace Weber spent the long weekend with her parents here. Mr. and Mrs. Raymond Schumaker and son Wayne took in the Olds Stampede on Monday.

### M.V.B.C. NEWS

(From Our Own Correspondent)

A number of our graduates and students were visitors on the campus for a brief time this week. Mr. and Mrs. Edward Oke, Mr. and Mrs. Clarence Stauffer, Ormand Sherick, Mr. and Mrs. Willard Stauffer, and some local young people were among those back home for a visit.

On Sunday the Young People's class, under the sponsorship of its teacher, Miss Gladys Eby, had dinner together in the college dining room. It was the occasion of honoring those who were married this spring, and those who expect to get married within the next few weeks. Five such young couples were represented and Miss Eby had the great pleasure of giving each one of them a lovely cup and saucer, a tradition which the class has carried out for a number of years.

Miss Betty Reist, secretary of the class, was not able to be present, but before she left for her vacation she had wrapped and labeled each cup and saucer. Betty does a fine job and we all felt sorry that she was unable to be present. There were 23 in attendance.

Those receiving the gifts were: Mr. and Mrs. Clarence Stauffer, Mr. and Mrs. Edward Oke, Miss Patsy Brown, who will be married in July; Phyllis Traub and Ormand Sherick, and Alta Mae Oke and Vern Hannah. The latter two couples will be married within the next two months also.

Before this column appears again we will have had our college day at camp meeting. This will be held the Wednesday afternoon of camp, and we would urge all the people possible to come, hear some of the young people sing and speak, and the special speaker for the day bring his message. It is always a time of inspiration and all young people, their parents and friends should be present. Mark this date on your calendar, will you?

There will be a college book stand in the Tabernacle as in other years. These books will be of the best. The Sunrise Gospel Book Room of Calgary selects and places the books there. Any profit is for the college library. Get your gifts and Christmas presents there and help the school build a better library.

Bible studies in the forenoon services at camp meeting will be in the form of the teaching of prophetic truths, covering many phases of Bible teaching in this line. Miss Gladys Eby will be the speaker. Try to get to the services and enjoy the teaching of this type of Bible study. The first message will be given Friday morning of this week. There will be eight messages.

Some of our graduates will be speaking in the missionary meeting on Sunday afternoon. Rev. John Gamble and Miss Myrtle Anderson both graduated, and are from India and Africa respectively.

Miss Marlene Sherman and Miss Lois Sudey were visitors at the Sudey home over the weekend.

Several applications have been received from prospective students for the coming year. We trust that some from this community will soon present their applications also. There are several who are planning to come from our local church.

Much work is being done in the Tabernacle for the camp meeting. The platform has been enlarged and the acoustics improved. It will be much easier to hear the speaker this year.
